

# THE BLAIRMORE ENTERPRISE

VOL. XIV, NO. 40.

BLAIRMORE, ALBERTA, THURSDAY, OCTOBER 4, 1923.

\$2.00 YEARLY

## DEATH OF JACOB WHILLER

The death occurred at Hillcrest on Sunday afternoon of Jacob Whiller, one of the pioneers of this district, following a long stage of illness.

Mr. Whiller came to Frank about seventeen years ago, where he entered into the contracting and building business. For a number of years he held the position of councillor and member of the school board at Frank and was for a time in charge of the Frank fire hall. Of late years he has been a resident of Bellevue and Hillcrest. He leaves to mourn him at Hillcrest a wife and one child.

Mr. Whiller was a native of Twillingate, Newfoundland and was a de-

voted member of the Masonic Order.

Interment took place in the Masonic plot of the Hillcrest cemetery on Tuesday afternoon. The funeral service was held by Rev. Mr. Pinder in the Methodist church, which was crowded to the doors with sympathizing friends.

Mr. Whiller was about fifty-five years of age.

A number of convictions under the Alberta Liquor Act have been recorded during the week, including I. G. Freeman, of Crows Nest, who for a third offence was sentenced to a fine of \$500 and costs, or in lieu of payment of fine to imprisonment for two months.

## Arrest Home Bank President and Directors

Curator's Report Shows Liabilities \$18,485,978; Assets \$15,848,400.

TORONTO, Oct. 3.—H. J. Daly, president; R. F. Gough, vice-president; F. J. B. Russi and C. Woods, directors, and O. Q. Smith, chief accountant of the suspended Home Bank of Canada, have this afternoon been arrested on charges preferred by federal and provincial authorities in connection with the collapse of the bank on August 17.

Daly was placed under detention at his summer home on Lake Simcoe. Gough, who is also a director of the Canadian National Railway, was removed in Toronto this afternoon and was taken to the police station. The bail in each of these cases is \$100,000. Bail in the instance of Russi, Woods and Smith is \$50,000 and the bonds have been secured.

It is understood that other arrests are contemplated.

J. F. M. Stewart, another director, was taken into custody late this afternoon. Bail is being arranged in his case.

The liabilities of the Home Bank as shown in the summary issued in the report of the curator, A. H. Barker, this morning, amount to \$18,485,978, while the assets amount in the aggregate to \$15,848,400, the liabilities of the bank to the public exceeding

the assets by \$2,637,578.

Such deficit will be increased by any losses met with in realization, and it must be expected that the "special assets" will not realize the amount at which they are carried in the books of the bank as set forth.

To the deficit of \$2,637,578, it must be added the following: Capital paid up, \$1,900,582; general reserve \$549,000.

Contingent funds, profit and losses balances and other reserves shown on the books of the bank amounting to \$110,200, leaving losses and depreciations (apart from any losses that may be sustained with the realization of special assets and real estate) to be accounted for the total amount of \$5,259,876.

"It has been found impossible within the limited time at my disposal," says the curator in his report, "to prepare a statement which will indicate with complete accuracy the specific losses which have contributed to and have produced the deficiency above mentioned, but I have been able to prepare a statement which I feel is sufficient for the purpose of my report and which accounts for all such losses except to a minor extent."

It is understood that criminal proceedings will be launched in connection with the suspension of the Home Bank of Canada immediately after publication of the curator's report, says the Globe. At a conference in the attorney general's department last night, provincial officers were given their instructions and upon these orders action will be taken contemporaneously with the release of the curator's report at 9.30 o'clock this morning, the paper says.

The western branches of the Home Bank and their amount of total savings and current account deposits follows:

Amulet, Sask.	\$119,622
BLAIRMORE, Alta.	185,550
Bathurst, Sask.	28,050
Cabria, Sask.	110,207
Calgary, Alta.	339,353
Crystal City, Man.	64,088
Fernie, B. C.	782,701
Franklin, Man.	39,903
Goodlands, Man.	60,820
Grandview, Man.	110,981
Khedis, Sask.	46,162
Lyleon, Man.	91,898
Moose Jaw, Sask.	243,976
Neepawa, Man.	139,043
Ross, Man.	49,544
St. James, Man.	46,535
Shackleton, Man.	36,004
Sintmaluta, Sask.	93,836
Tantallon, Sask.	146,849
Vancouver, B. C.	146,849
Welwyn, Sask.	143,144
Weyburn, Sask.	97,196
Winnipeg, Man.	386,999

As will be seen by the above list, Fernie has the largest amount of deposits in western Canada, while the local branch comes fifth in the list.

## WILL START WORK ON BELLEVUE ARENA AT ONCE

The capitalization of the new Bellevue Arena was placed at \$15,000. Already over \$13,000 has been subscribed and a contract will be let in a few days for a structure that will compare favorably with many that the large cities can boast of.

The building, we understand, will be along similar lines to the Blairmore arena, with seating accommodation for between ten and twelve hundred people, and a two or three-shot curling rink attachment.

Bellevue is to be congratulated upon the success attending their efforts.

A meeting of the parishioners of St. Luke's parish will be held at the church at 8 p.m. on Wednesday next, October 10th, for the purpose of electing a vestry, at which time and place all members who have signed the declaration of church membership and who have been recognized attendants at the church for three months preceding, being of the age of twenty-one years, are entitled to attend and vote.

## WANT REPRESENTATION AT TORONTO MEETING

At a meeting of depositors of the Home Bank of Canada, Blairmore branch, held at the Cosmopolitan hotel on Thursday night last the questions of organization and of representation at the October 5th meeting at Toronto were considered.

It was unanimously decided to organize as a branch of the Home Bank Depositors' Association, and the following were elected as a local executive:

A. McLeod, mayor, as president.  
W. H. Chappell, junior, as vice-president.  
W. J. Bartlett as secretary.  
Committee—L. L. Morgan, M. Joyce, W. W. Scott, L. Dutt and Rinaldo Porzi.

The meeting decided unanimously favor of representation at the Toronto October 5th meeting and appointed the president as delegate to immediately interview Mr. G. G. Coote, of Cayley, member of the Federal house for the Macleod riding, with a

view to having him attend the Toronto meeting in the interests of this district, it being remembered that Mr. Coote made vigorous and yet unsuccessful appeal before the Dominion house for amendment of the bank act as affecting shareholders and depositors at a recent session.

Mr. McLeod left for Cayley on that evening's train and arrangements were made the following day whereby Mr. Coote or Mr. H. M. Shaw, of Nanton, would represent Blairmore at the meeting.

The secretary was instructed to notify Calgary and Fernie branches of the Home Bank Depositors' Association of the organization effected and the action taken by the Blairmore branch.

## NEW MEAT MARKET OPENS

The new Blairmore Meat Market opens up for business this week and in the premises until recently occupied by the Blairmore Bakery. The new shop is bright, attractive and well appointed.

The Store With the Good Goods

**YOU KNOW**

THAT we, in Alberta, have never had Prohibition.

**YOU KNOW**

THAT in your own community the Liquor Act of Alberta has been constantly violated. Multiply this by the number of communities in Alberta and you will have figured out the result for yourself.

**YOU KNOW**

THAT bootlegging is rampant in Alberta, prevalent in B. C., and has almost disappeared from Quebec.

**YOU KNOW**

THAT by the approval of Clause "D" the Government of Alberta can adopt and combine the best points of the B. C. and Quebec systems to the advantage of our Province.

**YOU KNOW**

THAT B. C. distributes \$2,500,000, and Quebec \$4,000,000 in the support of roads, schools, hospitals, etc., from the profits of the first year of operation. We have given ours to the bootlegger.

**PROTECTING COAL INDUSTRY**

Strict regulations for the protection of the Alberta coal industry, and for the prevention of wildcatting in coal companies which has developed in Ontario in connection with the campaign to put Alberta coal on the market, have been passed during the past week by the Alberta government.

These regulations are aimed chiefly at the wildcatting which has been going on in Ontario by irresponsible people, presumably owners of Alberta coal properties shipping coal. They, however, have general regard to the protection of the industry at large. The regulations provide for the shipping and selling of coal under duly registered names. Information respecting the name of the shipping company, the registered name of the coal, the grade of coal from each mine must be placed on every shipping bill and be displayed on the car doors. The same applies to the keeping of records of sale of coal from each mine in the province, and also applies to the advertising of such coal, so far as the registered name of the coal is concerned. The regulations provide for the appointment of inspectors who have power to inspect any shipment or quantity of coal sold, to ascertain whether it conforms to the information given. Infraction of these regulations is punishable by a fine not exceeding \$1000 or imprisonment not exceeding six months or both.

The Ontario government has taken steps to supervise the shipment to Ontario points of coal from Alberta under the special rate of \$8. a ton, given by the C.N.E. up to October 31. Those Ontario purchasers arranging for coal under this special rate must forward their names, together with the names of the firms from which they are purchasing in Alberta, to the fuel controller. This list will then be forwarded to the trade commissioner of Alberta who is asked to pass upon the capacity of the firm, concerned to supply the coal. The Ontario government has already received application for more than the 10,000 tons granted the special rate by the C.N.E.

**OUR GROWING****TOURIST TRAFFIC**

The very interesting statement is made by Hon. J. L. Perron, minister of roads, that during the current year fully twenty million dollars have been expended by tourists in cities, towns and villages of this province. Statistics are in the hands of the Minister, moreover, showing that no less than one hundred and twenty-five, thousand automobiles crossed the border on route to this province during the period in question. And the chief reason for this most satisfactory state of affairs is put down by the Minister to "good roads." In commenting on this phase he says:

"I hope the people will understand the enormous value of model roads, and the great care that must constantly be given them. We are already reaping some of the benefits of really good roads."

The fact is that tourist business, travelling, fishing, shooting, sight-seeing, etc., have grown into one of the world's greatest industries. Good roads are a sane investment from a monetary point of view, while they benefit to the people as a whole cannot be computed.

During the past twelve years, fully three thousand miles of highways in this province have been macadamized, gravelled or permanently paved. This is an excellent showing, and justifies the Legislature's program of still greater improvement of roads. It has been very clearly proven that

model roads, among other things, reduces the isolation of country life and facilitates the delivery of the daily mail; by them central points can be reached with ease. Farm produce reaches the market in better condition. In dairying districts, the cost of hauling milk is reduced, as is the cost of cheese manufacture. Wear and tear on horses and vehicles is lowered.

The retail merchant will sell more goods if the farmer can visit his store more easily. Freight will be received by railways and steamships with greater regularity. Undoubtedly good country roads improve farm values. The natural beauty of this province cannot be surpassed, and when splendid roads open lovely districts in every direction, the influx of tourists will be still more marked.—Montreal Star.

**BLAIRMORE TO HAVE NEXT MASONIC DISTRICT MEETING**

District No. 8, A. F. & A. M., met at Macleod on Tuesday night last and over one hundred and forty members and delegates were in attendance. Included in those present were G. Murray, Grand Master, of Medicine Hat, and S. Y. Taylor, Grand Secretary, of Calgary.

In the order of business it was decided to have next year's district meeting in Blairmore. George Passmore, of Blairmore, was also elected District Deputy Grand Master by acclamation.

Later in the evening the gathering all sat down to the most appetizing repast in the history of the district, supplied by the members of Macleod lodge.

**ST. LUKE'S ANGLICAN CHURCH**

Sunday, October 7

**Special Harvest Festival Services**

Morning service at 11. Special preacher, Rev. A. Garlick, M.A., rector of Michel, B. C.

Children's Service at 2.30 p.m.

Evening Service at 7.30 p.m. Special preacher, Rev. H. M. Henderson, R.A., R.D., rector of St. Barnabas, Calgary.

Gifts of fruit and vegetables, etc., for the decoration of the church may be left at the church on Saturday afternoon. Ladies of the congregation are invited to help with the decoration on Saturday afternoon.

A. W. NEAL, Pastor.

**ACKNOWLEDGES CONTRIBUTION**

Bellevue, Alta., Sept. 25, 1923

The Enterprise,

Blairmore, Alberta.

Dear Sirs:

I have been instructed by the executive of the Bellevue and District Horticultural Club, to thank you for your donation toward the exhibition held on Sept. 3rd. Through your kindness, the exhibition was helped to success.

Yours truly,  
James Radford, Secretary.

**TO ALL SPORTSMEN**

Pincher Station, Alberta,

October 2nd, 1923.

Editor, Enterprise,

Dear Sir:—To help in the work of the Biological Survey at Washington, D.C., who in co-operation with the National Parks at Ottawa are compiling records of bird banding operations in Canada and the United States, the Commissioner of Canada's National Parks wishes all sportsmen who shoot or kill any birds that are banded to forward to the Department of National Parks the band or ring and name of bird, where killed and date. By doing this valuable information will be furnished concerning the life histories of our birds; but also it is believed that it is a method whereby even the amateur, while making valuable additions to knowledge, will at the same time become more conversant with ornithology and incidentally will appreciate the benefits of adequate protective measures.

Yours faithfully,  
J. H. HOLMES,

Game Guardian.  
Even a clock is known by its works.

**PERJURY CHARGE DISMISSED**

In the district court here today, before Judge McDonald, the charge of perjury preferred against L. G. Freeman was dismissed, there being practically no evidence to justify such charge.

The court opened on Wednesday with rather a lengthy docket, most of which was small debt cases.

Solicitors in attendance were J. E. Gillis, D. G. Mackenzie, J. D. Matheson and L. H. Putnam. The latter defended Freeman in the perjury case.

**FAREWELL OF THE CARMELO COMPANY**

Fred Carmelo and his company of musical comedy players will open a stock engagement at Moose Jaw on October 15th. The last performance of the company in the Pass will be at Coleman on Thursday next, when a farewell show and dance will be given. "My Aunt Lucy" will be the farewell offering, this being one of the funniest of the plays presented by company at the beginning of its first engagement here.

**HOME BANK HAS NOT CASH TO PAY 25c ON \$100**

TORONTO, Oct. 3.—A simple way of figuring out the financial significance of the Home Bank curator's report, as suggested by one who is experienced in such matters and who has analyzed the curator's report is as follows:

Quick assets, \$5,643,651.

Preferred claims of note holders and governments \$2,965,426.

Available for immediate distribution \$2,687,825.

General liabilities, including depositors \$15,531,552.

Required to pay 25 cent to all public creditors \$3,883,588.

Thus, it will be seen that the readily disposable assets fall short by \$1,195,263 of the amount required to make an interim 25 cent payment to the public creditors. If that payment is to be made, someone has to have enough faith in the assets, "not immediately collectable"—of \$9,229,997, to advance the difference.

In any interim payment the depositors simply rank with other creditors.

No great risk would be run by anyone putting up the \$1,195,263 with the slow assets as security, but the latter will scarcely realize more than 50c. on the dollar or say \$4,500,000.

G. W. V. A. PREPARE FOR

ARMISTICE DAY

The Great War Veterans Association of Canada (Inc.) have a clear conception of their duty in preserving the memory and records of those who suffered and died for the nation.

Their "Names Liveth for Evermore" and the G.W.V.A. urges all citizens of this country to wear a poppy emblem on days set apart for commemoration of victories attained and peace gained by those who served in the Great War.

Each branch of the Association should serve as a distributing centre and it is hoped that all public organizations possessing a patriotic spirit will co-operate in the National Campaign, which forms part of a great international movement to-day. Profits—above cost price—derived from the sale of poppies, will be retained by THE LOCAL ORGANIZATION UNDERTAKING THE WORK, for the alleviation of distress among the sick and needy who are in your midst.

Montreal is now shipping goods to Alberta via the Panama canal and the port of Vancouver.

The marriage of William T. Patterson, eldest son of Mr. and Mrs. Patterson, to Miss Elizabeth Shearer, of Bellevue, was solemnized by Rev. J. Wilkinson at the Pincher Creek parsonage, on September 15th. They were accompanied by the groom's parents, Mr. and Mrs. Patterson have taken up residence in Blairmore, where the groom is very well known.

TO NEW SUBSCRIBERS—The Blairmore Enterprise from now till December 31st, 1924, for two dollars.

**A MERCHANT SAYS**

"There are many lines of publicity that the country store can use to advantage, but the one he can use to best advantage is his home-town paper. I venture to say that if the money spent each year for fancy calendars and other nic-nacs, give-aways were invested (I say invested, not spent or donated) in carefully planned newspaper publicity, the actual net returns to the advertiser would be ten times as great, to say nothing of the advantage the small town paper would derive from the additional and much-needed revenue.

The open season for Hungarian partridge commenced on Saturday last. So far we have not heard of any great bags coming to this district.

Mrs. Emil Trono, who was in town last week to attend the funeral of the late Peter Pistor, returned to Banff at the end of the week.

**KNIGHTS OF PYTHIAS AND D.O.K.K.**

A Royal Proclamation!

Once more the tiger has become ravenous and demands raw meat. Word comes to us from far across Khorassan sandy plains that Mokana and his faithful Arab Bani have gathered in some brave and husky Tyros to satisfy this lusty hunger.

Therefore, I command every loyal Votary, and Knight of Pythias, to cease from his accustomed duties and present himself at the Temple Gates, Wednesday, October 17th, 1923, at the hour of 3 p.m., prepared to make the trip across the desert and gather at the oasis of Coleman, Alberta, where beneath the maples and the shelter of the Zen Zen's cool and murmuring well, you shall see the greedy appetite of the snarling Tiger satisfied.

Duncan A. McArthur, Grand Vicer.

HE SURE DID.

J. T. Griffiths, D.D.G.C.

**A CUT GLASS COLLECTION**

is the ambition of nearly every housekeeper. She is not to be blamed for it is certainly beautiful and rich looking.

**DON'T WAIT FOR OTHERS**

to give you the start of a collection. Buy one or more of our beautiful pieces and your friends may take the hint and give you cut glass hereafter, instead of those equally expensive gimcracks for which you do not care.

## Nova Scotia Interior as Moose Pasture

Nova Scotia is a country of lakes and streams, offering many ideal canoe trips, and the interior is a great moose pasture. Ideal, too, is the moose hunting, because both the canoe and automobile are used by hunters and guides, thus saving many miles of weary hiking through the wilderness. On the Liverpool chain of lakes reached from South Milford via Annapolis Royal or Digby, and on Lake Kedegamakooke, Lake Rossignol, Lake Munro, Loon Lake and the Liverpool River expert Indian and white guides use the canoes for long distances and even call the moose to the shore with their birch bark horns. When some distant point is to be reached from "Dei" Thomas' South Milford camp, canoes, guides, hunters and dufls are loaded upon a big motor truck for the journey.

South Milford is 15 miles from Annapolis Royal and is a favorite outfitting point. So is the Kedegamakooke Rod and Gun Club, on famous Lake Kedegamakooke, in the heart of the wilderness 36 miles from Annapolis Royal. Both of these camps have ample accommodations and plenty of canoes and reliable guides.

The Nova Scotia moose season lasts from Oct. 1 to Nov. 15. Deer are as plentiful as moose, and the open season for this game lasts from Oct. 15 to Nov. 31.

Although large numbers of moose are shot each year, many with magnificent "spreads," the annual increase is said to equal the kill. Such guide as Louis Harlow, half-breed Micmac and Sam Globe, half-blooded Indian, are expert moose callers and stalkers and rarely disappoint the hunter. The cleverness with which they simulate the call of the cow moose with a simple roll of birch bark fashioned into a horn, is sure to fool the wisest old bull in the wilderness. When the calling season is past, the moose no longer comes to the hunter and the hunter must go to him. Neither canoe, nor automobile figures much in this phase of moose hunting, except that one, or both, may help the hunter near the place where the quarry is supposed to be and carry him home when the hunt is over.

## PENITENTIARY FILLED

The following comment is from a recent issue of a Newfoundland paper:

"The penitentiary, which has accommodations for about eighty prisoners, is now filled. A prisoner given a six months term today had to be held in a lockup until someone at the lakeside moves out. This does not look as though prohibition has accomplished anything like what was claimed of it by many of its leading advocates a few years ago, who told us that with the adoption of prohibition there would be no need of a penitentiary."

## SOME PROVIDER

"Is your husband much of a provider, Milandy?"  
"He jes' ain't nuthin' else, ma'am. He gwine to git some new furniture providin' he git de money; he gwine to git de money providin' he go to work; he go to work providin' de job suits him. I never see such a providin' man in all mah days."

## YOU DON'T SAY

While the wedding ceremony was going on a baby of one of the wedding guests cried incessantly.  
"Wasn't that crying terrible," exclaimed the maid of honor. "When I get married I'm going to have en-

graved on my invitations: "No babies expected."

## MY, HOW THE GIRLS

Short pants for men appears to be the coming fashion, according to informers at their gentlemen friends makers in Chicago, wherein it is predicted that knickers for men will become the inevitable vogue before long. Young women whose nether limbs did not show up well in the short dress craze, will now have the blissful satisfaction of having a quick snicker at their gentlemen friends whose limbs do not happen to be 100 per cent perfect.

## WILL SNICKER

## RED CROSS CAMPAIGN

The Red Cross campaign for funds starts off this week with an appeal all farmers who are grain growers for a donation of grain. This will be counted as membership subscription to the Society and of the monies raised 82 per cent will be spent in our own province and 18 per cent given for Japanese relief.

In Alberta there is no service given by the Red Cross which makes a more direct appeal than the rural hospital and nursing service. It is of incalculable value to the settlers in the outlying districts.

In those parts of the province where the government has not been able to establish nursing service, the Red Cross has maintained seven rural hospitals, or nursing outposts, and has maintained district nurses in some communities far removed from hospitals.

One hospital in the far north is situated one hundred miles from steel. Without the Red Cross there would be no provision for the care of the sick and much suffering and hardship would be endured by the settlers. Some features of this work are as follows:

Seven Red Cross hospitals have been established and operated.

One hundred and seventy-eight babies have been born in Red Cross institutions.

Fifteen thousand, nine hundred and thirteen hospital days have been listed.

First aid classes have been held, and health lectures given.

Pre-natal, child welfare and other visits have been made to homes in the hospital districts.

To continue and develop this work is the future policy of the Red Cross. On these worthy grounds the Society appeals to everyone to support the forthcoming annual campaign and membership drive, to raise funds for Red Cross service.

At the regular meeting of Livingstone Lodge No. 22, K. of P., on Friday night last, the first and third degrees were conferred. There was a record attendance, including visitors from Hillcrest, Coleman and Cranbrook.

The whist drive held by the local Rebekahs on Thursday night last was the most successful yet. Upwards of eighty people attended.

## JUDGE McDONALD FILES JUDGMENTS

Judge McDonald's Macdonald judicial district, has handed down his decisions in connection with three cases tried at his sitting of the district court in Blainmore, as follows:

Hillcrest Union versus Gekas, et al. Action for recovery of possession of property at Hillcrest, Judgment for defendants. McDonald, Martha & Mackenzie, solicitors for plaintiff; J. D. Matheson, solicitor for defendants. Morgan Bros. versus Graham Motor Company, Ltd.—An action for refund of money claimed to have been overpaid on a carload of automobiles. Plaintiffs are well known garage men carrying on business at Blainmore and Pincher Creek. Judgment for plaintiffs. D. J. Mackenzie and J. D. Matheson for plaintiffs; Adams & Fitch, of Calgary, for defendants.

Peck versus Gareau—An action for trespass on leasehold property in the Pincher Creek district. Judgment for plaintiff for \$25.00 damages and costs added. A. McLeod Sinclair, K.C., of Calgary, for plaintiff; Gillis & Mackenzie for defendant.

## THE PASS FIFTEEN YEARS AGO

(Frank Paper, 1908.)

December 24—The Workmen's Compensation Act comes into force with the new year, 1909. The act applies to men engaged in or about any railway, factory, mine, quarry or engineering work, or upon any building more than forty feet in height, in whose construction scaffolding or mechanical power is used. It does not apply to men whose salaries exceed \$1200 per year, nor to casual employees.

A hockey game will be played on the Blainmore rink tomorrow afternoon between a team representing Frank and Hillcrest against one representing Blainmore and Bellevue.

A lump of coal measuring forty-eight cubic feet and weighing about 3550 pounds broke out of a seam in the Corbin Hill claim at the South Fork. Mr. Alex. Goyette is a heavy stockholder in this property.

The International Coal & Coke Co. at Coleman is the first coal company in the Pass to clear up all its indebtedness. This company paid a quarterly dividend last month of one and a quarter per cent, making a total of \$396,000 thus far distributed by the company in dividends.

The novel sight of a town being moved bodily to a new townsite will be witnessed when the C. P. R. begins putting into effect its regrade scheme on the Crow line next year. Cowley will in the spring be moved two miles south of its present location. Mr. Johnson, living about three quarters of a mile south-west of Cowley, has disposed of a portion of his land at \$25 per acre, while Mr. Carney, a neighbor of Mr. Johnson's, has sold his for \$47 per acre. The new survey crosses the South Fork at Godsal's farm, running south-west as far as P. Fortier's, where the new town will be located. The C.P.R. has promised to pay all expenses in connection with moving the town.

Secretary G. C. Rochford and Mine Manager Charles Chestnut, of the local coal company, and W. J. McGowan, of the Crows' Nest Pass Hardware Co., went to Byron Creek the first of the week on a rabbit hunt.

Mr. Shuman, assistant district passenger traffic manager of the C.P.R., spent a couple of days in the Pass last week. Mr. Shuman is very interested in Pass sports and promises to do all in his power towards accommodation of our hockey-loving public in the way of train transportation for coming hockey season.

Monday, November 12th, will be observed as Thanksgiving Day.

Lawrence Shaw of Snyder & Co. left for Calgary last night, having completed his company's contract for plumbing, etc. at the new court house.

Since our last issue we have added to our list no less than twenty-three Coleman subscribers.

## STAMP TAX CHANGE GOES INTO EFFECT

A good deal of annoyance is being felt over the change in the stamp tax on checks, which came into effect on October 1st.

Henceforward only revenue stamps will be valid on checks and postage stamps will not be accepted. Banks are not permitted to cash a check unless it is affixed with the necessary revenue stamp.

When the stamp tax was first introduced it was intended that revenue stamps only should be used and special stamps were printed for the purpose. Then it was realized that if special stamps had to be purchased it would cause business men and others issuing checks a great deal of inconvenience, and it was decided that the ordinary postage stamps could be accepted.

Now the government has decided to insist upon the use of the special revenue stamps.

## MRS. LAWSON WILL NOT TOUCH PICCARELLO MONEY

Vancouver, B. C., Oct. 3.—Denial of rumors that she contemplated suing the estate of Emilio Piccarello for \$50,000 for the death of her husband, has been given by Mrs. Margaret Lawson, widow of the Alberta provincial constable for whose death Piccarello and Mrs. Florence Landro were hanged some time ago. Mrs. Lawson, who, with her two children has come to reside in Vancouver, said that she "would not touch Piccarello's money."

## COWLEY HAPPENINGS

Mr. and Mrs. Sam Oederoff are the proud parents of an infant son.

G. W. Buchanan, accompanied by his family, has returned to Vancouver by motor, after spending several weeks at the old ranch here.

Bert Connelly, Miss Rosamond Blackburn and Miss Muriel Murphy were visitors to Blainmore on Saturday.

On Wednesday, the 10th of October, a dance will be held in the Tuscan hall, in aid of the Cowley skating rink. The Banff orchestra will be in attendance.

The dance given at the Henton ranch in aid of the Lundbreck hall, on Friday night last was well attended. The sum of fifty dollars was cleared.

Most of the grain is cut here now. Some of the late sowing is still standing and looking good. Threshing is beginning in general. A good yield is expected.

Mrs. H. C. Morrison, Mrs. Jessie Snyder, Mrs. Peter McEwen and Mrs. Harry Hannan were visitors to the Women's Institute convention recently held at Coleman.

Mr. Wells has returned from Calgary, where he has been under the care of an eye specialist for the past few weeks. He is the guest of his sister, Mrs. Littleton, at present.

Mrs. McConachie, who has been on the sick list for several weeks, is still in a serious condition, we regret to say. Dr. Connor, of Lethbridge, was called on Tuesday.

A very interesting meeting of the Women's Institute was held at the home of Mrs. Peter McEwen on Thursday evening. Preparations are being laid to hold a big bazaar in November. The sewing has consisted principally of winter garments of all ages and sizes. A report of the Coleman convention was read at this meeting by Mrs. McEwen. The next monthly meeting will be held at the home of Mrs. M. A. Murphy on the last Thursday in October at 8 p.m. Everybody welcome.

The Bellevue Arena, Limited, has been incorporated with a capitalization of about \$15,000.

Mrs. F. T. Campbell, of Kimberley, is visiting here with her parents, Mr. and Mrs. P. Patterson.

## Canadian Rockies Lure Noted Artists

Noted artists, famous moving picture directors and tourists, have succumbed to the lure of the insuperable beauties of Banff and the Canadian Pacific Rockies. Artists in increasing numbers each year spend the summer on the trail in the mountains transferring these beauties to canvas. For seventeen years Carl Runquist, celebrated painter of wild animals in their native haunts, has been a regular visitor to Banff. Now he lives there most of the year and has built his own bungalow and studio. In 1921 Runquist won the \$1,000 Altman prize, but, being foreign born, was disqualified; whereupon the National Academy of Design bought the painting for \$1,000 and it now hangs in the Corcoran Art Gallery, Washington.

Belmore Browne, artist, author, explorer and conqueror of Mt. McKinley, 20,300 feet, lives in his own bungalow studio in Banff the year round except when exhibiting in New York. He and Runquist both study the mountain, state, sheep, deer and bear in their wilderness home and paint them and their majestic scenic backgrounds. Richard M. Kimbel, landscape painter, has spent two summers in Banff and is painting at Lake O'Hara, near

Lake Louise, and last year W. Langdon Kinn lived a month on the Stoney Indian reservation making pastel portraits of the big chiefs, little passageways, squaws and guides. Leonard M. Davis, who paints wonderful landscapes in Alaska and the Canadian Rockies with a palette knife, has joined the Banff art colony and expects to make his winter home in near-by Calgary.

The lure of Canada's Switzerland drew John Singer Sergeant, R. A., to beautiful Lake O'Hara, in the heart of the Great Divide, and with his easel planted in the white and pink heather of an Alpine meadow 6,500 feet above sea level the world-renowned painter devoted ten days to painting this exquisite jade-green lake and the towering mountains in which it is cupped. Charles W. Simpson, R. C. A., of Montreal; Oliver Denison Grover, of Chicago; Philip R. Goodwin, Edward Potthast and Albert Groll of New York and many other painters of note have found inspiration in this scenic wonderland. As for those humble artists, the tourists with cameras, they are to be seen snaphotting everywhere in the making beautiful pictures which inspire their envious friends to visit Banff and do likewise.

## Summer Pasture For Growing Pigs

Good Clover Goes Long Way in Supplying Food Requirements

During the busy summer days on the farm, the question of how best to handle the herd of growing pigs in order to get the maximum results from the minimum outlay in feed and labor is of vital importance. With a herd of growing cattle all that is necessary is to give good pasture with a little salt and sufficient water and they will come along all right. While grass and water alone are not entirely sufficient for the growing pigs, many feel that a good clover pasture goes a long way in supplying their food requirements and consequently reduce the amount of concentrates or grain required.

In order to obtain some information on this problem an experiment was conducted on the Experimental Station at Kapuskasing, Ont., in 1922. While testing out the effect of pasture it was thought advisable to include in the test a comparison of self-feeding and self-feeding. Thirty pure-bred Yorkshire pigs, twelve weeks old and very uniform, were selected on August 1 and divided into three groups of ten each.

Lot No. 1 was housed in clean dry quarters in the main hog pen, while Lots 2 and 3 were turned out on clover pasture, each lot having a portable hog cabin as a shelter.

The three lots were fed rations of similar meal mixtures, as follows:— From twelve to fourteen weeks of age, a mixture of finely ground oats, two parts; middlings, two parts; and finely ground barley, one part; plus five per cent. tankage. From fourteen to twenty weeks the mixture consisted of finely ground oats, two parts; middlings, one part; and finely ground barley and middlings, one part, plus five per cent. tankage. From twenty weeks to the end of the experiment on Nov. 1st the mixture was:—Finely ground oats, one part; middlings, one part; and finely ground barley, two parts, plus five per cent. tankage. Each lot received the same amount of skim-milk, which varied slightly from day to day.

Fresh drinking water was kept before all three lots at all times and Lots 1 and 2 were fed their grain in the form of a milk and water slop; while Lot 3 consumed the dry grain from the self-feeder and milk from the trough. The milk was charged at fifty cents per one hundred pounds, and the other feeds at actual market prices as follows:—

Oats	.....	\$1.75 per cwt.
Middlings	.....	\$1.95 per cwt.
Barley	.....	\$2.10 per cwt.
Tankage	.....	\$3.75 per cwt.

The results show that it took 405 lb. of feed per one hundred lb. gain with the inside lot, while 322 and 401 lb. of feed produced one hundred pounds gain on Lots 2 and 3 respectively.

The cost of producing one hundred lb. of gain, labor included, was \$22.90 for Lot 1, \$18.96 for Lot 2, and \$18.45 for Lot 3.

From these results it may be concluded that, where a farmer has plenty of clover pasture and is short of labor, he will be well advised to turn his hogs out and supply them by means of the self-feeder. L. H. Hanlon, Assistant Superintendent Experimental Station, Kapuskasing, Ont.

## Country Has Compensation

Pleasures of Life Not All Found in City

The New Yorkers and big town people generally should not get the false notion that provincials are compelled to do without cakes and ale; that we must go to Greenwich Village or Broadway for them. The pleasures of life are fairly distributed. There is more joy in a love affair with a country girl than with an actress. And there are many more bright men and women outside of New York than in it. The bright men and women in New York went there after they were rather old; the best examples of natural beauty and brightness are found in the country. As soon as one of our old men is called to the city, a younger man takes his place; we keep the younger and better looking man.—E. W. Howells.

## More Relativity

Free State Patrol—"Have ye yer permit on ye for drivin' the cary?"

Motorman—"I have that. Are ye wantin' to see it?"

Free State Patrol—"What for would I want to see it? ye have it? It's I've had it out that I'd want to look at it."

## Experienced

Prosecuting Attorney—"How do you plead—guilty or not guilty?"

Prisoner—"Neither."

Prosecuting Attorney—"What's the idea?"

Prisoner—"Well, I've tried both, and I got ten years each time.—American Legion Weekly.

W. N. U. 1491

## Determining Our Place-Names

Important Functions of the Geographic Board of Canada

Before the creation of the Geographic Board of Canada in 1917, no central authority existed over the place names of the Dominion. Every explorer and map-maker adopted such names and spellings as appealed to him, and often travellers caused endless confusion by changing all previous names in the accounts of their travels. Foreign explorers also, visiting unknown parts of the Dominion would bestow names more or less undesired by Canadians. One map applied the name "Grande" or "Elk" perhaps to the river styled "Ottawa" or "Albion" on another. Uniformity of nomenclature was one reason for the creation of the board.

A second reason was to avoid the confusing duplication of names especially within the same province. In the days when the Indian, who did not go far afield, roamed the woods and plains, if two lakes in a region were called "Trout Lake" or two streams "Grande River," the confusion was likely, but it is different in these days of wider travel. Moreover, few people reflect on the inconvenience occasioned by repetition, even to the twentieth or thirtieth time, of such names as Deer, Eagle, Fish, Maple, Red, White, etc.

A third reason was that the geographic nomenclature of Canada should not be left in the hands of a foreign body, as for example a board in another country deciding through its publications by what names rivers and mountains of Canada should be known.

The Geographic Board was formed to regulate the publications of the Dominion Government only, but it was soon recognized that the provinces had a right to be consulted, respecting names within their own limits. Accordingly in 1929 provision was made for the appointment of representatives of the several provinces, which at the same time binding themselves to abide by the board's decision.

The function of the board is not the naming of features, but the regulation of those sought to be bestowed by others. At the same time, it has been the last vestige of doubt as to the wisdom of her purchases. And we leave it to you to decide if Susan doesn't look charming as well as comfortable in her new suit.

## A Scamper Suit For a Scampering Girl

"Oh, Susan, why do you always tear your dresses? And couldn't you change to keep them a little cleaner?" Mother's patience was just about exhausted when Susan came in the third time in a week, with her pretty little frock torn and dirty. She had spent so much time making those dainty summer dresses that she loved to have Susan wear, and it took so much time and energy to keep them clean!

She knew without much thinking what it was Susan should have. But it was hard to give up her idea of what a young girl should wear—ideas carried over from her own girlhood when kinklers were unheard of for girls.

But mother had grown with the times, and she was ready to let Susan be comfortable.

So the next week when Susan greeted her playmates she wore a knicker suit of checked cloth, and the cry of approval that met her disparted from mother's mind the last vestige of doubt as to the wisdom of her purchases.

—And we leave it to you to decide if Susan doesn't look charming as well as comfortable in her new suit.

His Duty Done  
Clerk—"Can you let me off this afternoon?" My wife wants me to go shopping with her.  
Employer—"Certainly not! We're much too busy at present."  
Clerk—"Thank you very much, sir. You are exceedingly kind."

His Excuse  
Farmer—"I'll give you \$5 a day to help me dig potatoes." You can start now.  
Boy—"Guess you better do it alone, mister. You planted them so you know where they are.—Judge."

About a Pig That Wanted to Be Beautiful.

THE morning of Stella's birthday her four Brownies were her up a little earlier than usual, for the very good reason that they just couldn't wait a moment longer to give her their presents.

"Here I am," proudly handed her the tiny blue half of a bird's egg, with a drop of water in it, and she was ever so pleased with her dainty drinking cup. The Fair's next gift was Pizzelle's long strand of silk that his Jumping-Spider friend had spun for him. This Stella wound around her hair and waved it like a feather.

"Look at my lovely hair and hair decoration!" she cried delightedly. "I'm all dressed up!" "Well," laughed Kinkajou, "what's the matter with that? He handed her a feather from a Humming-Bird's brood."

"I want you to use it as a fan," he added, as Stella kissed and thanked him.

After their breakfast of honey they played games together and they were right in the midst of "blind man's bluff," when suddenly, with such a clatter and squealing that no one knew exactly what was happening, a very excited Pig ran in their midst.

"Where on earth am I?" he squealed. "What has happened to me?" "Oh! Oh!" "Something awful from the way you act!" giggled Pizzelle. "But you ought to know better than we."

"I only know that I have suddenly become so tiny that I am frightened and, oh! where on earth am I?" answered the distressed pig.

"You're at the End-of-the-Earth," cried Pizzelle, delightedly, "but judging from the way you carry on you should be in a crazy house."

"The End-of-the-Earth?" and the Pig gave a big sigh of contentment. "Then everything is all right; for this is just where I want to be. But why, oh, why have I become so small all of a sudden? I who always used to be so proud of my size! Where's Stella? I want to see the Winning Piggy!"

Stella came forward and gently explained to the excited little animal that he had drunk from the magic Get-Little-Pig near the entrance to their home.

That, of course, is what made you out tiny size,

## Sunshine Used For Seed Vitalizing

New Lens Process Insures Remarkable Crops Under Prolonged Conditions

California sunshine has been used to attract tourists, hatch eggs, heat water, promote motion picture companies, revive youth and rejuvenate the aged.

And now, after seven years of experimentation, Dr. M. F. W. Hazledine, President of the Solar Vitallizing Co., announced today that not only may it be used to preserve all organic products, but also to vitalize seeds until remarkable crops may be secured under the most prosaic conditions.

Dr. Hazledine's work is carried on at a laboratory located at 1318 Exposition Boulevard. The process, which is patented, is simplicity itself.

The apparatus consists of a glass enclosure covered by a multiplicity of lenses which focus the sunlight in a myriad of beams on the substance under treatment.

As a consequence of the process, Dr. Hazledine states, it is now possible to preserve vegetables and animal oils indefinitely without incurring the danger of rancidity. Thus butter, treated by the Hazledine process, preserves its sweetness for months at ordinary room temperature, as was evidenced by samples displayed.

Walnut oil, in all probability, will be marketed soon for the first time, as the result of the discovery of the process which prevents spoilage. Lard, olive oil, coconut oil and the like have been successfully utilized in the preservation experiments.

Fish, containing all of their natural oils, and wholly uncooked, were displayed, together with eggs, and milk and all manner of fruits and vegetables.

Dr. Hazledine is particularly interested at the present time in the results secured from the "revitalizing" of Canadian wheat, resulting in the production of heads approximating six inches in length, whereas the untreated wheat produces heads of about 2½ inches in length he said.

## Nine Thousand More Farms

The increase in the number of farms in Manitoba in the last decade has been about 9,000, according to census figures, or at a rate of nearly 1,000 a year. The province has now more than 53,000 occupied farms with an area of over 14,600,000 acres, the average size of the Manitoba farm being 274.2 acres. The value of all farm property in the province, based on the census of 1922, is placed at \$656,600,961.

## Dwarf Sunflowers For Poultry

Luether Burbank, the plant wizard, has been working hard in California to develop a new variety of sunflower, high, so that poultry can feed on them, and has been very successful in his first attempts.

## "YOUR TEETH"

DEAD NERVES

Dr. F. W. Proctor, M.D., D.D.S., PITTSBURGH, Pa.

We don't really mean dead nerves when we say it—what we do mean is a tooth pulp that has lost its circulation stopped. A pulp is a little soft connective tissue with blood vessels and nerve fibers that is found inside the tooth and is necessary to the life of the tooth.

The pulp is a very sensitive and delicate. If they are exposed they die; in fact they die sometimes when they are not exposed. Those that die without actual exposure have been irritated by tooth decay or improper use or injury, so that the pulp swells inside its bony case and chokes itself.

The tooth pulp could stand much more irritation if it had room to swell, but in its little canal inside the tooth there is no room. As soon as the pulp is irritated enough to swell over so little, the pressure stops the incoming of the arterial blood and the escape of the venous blood and then the circulation stops and decomposition begins.

It is very unfortunate to have the pulp in a tooth die.

It is true that many times the dead pulp is successfully removed and the canal artificially filled so that the tooth remains useful for a long period, but many pulpless teeth abscess. The cleaning and filling of a tooth canal is a very difficult and skillful operation. Why not take such good care of the teeth and mouth that you will not risk chances on having infection from abscessed teeth?

By keeping the teeth clean and having small cavities filled at once the long, tedious and sometimes painful operation can be avoided. Round the good position of having lively healthy teeth do not give trouble; they do their work willingly.

## Many Women Work In India's Mines

Government May Prohibit Engaging Them for Such Employment

The question of the advisability of prohibiting the employment of women in mines has again been taken up by the Government of India. At present about one-third of the mine workers in India are women. Since 1848: women have been excluded from mines in England; in 1901 an attempt was made to prohibit them from Indian mines. This effort failed on account of violent opposition on the part of employers. Expression was given to the fear that if steps were taken to prevent women from working in mines, the latter would themselves refuse to work in mines.

The Department of Industries and Labor of the Central Government has sent a letter to each of the provincial governments, asking for advice with regard to possible legislation against the employment of women in mines.

"Since 1901," says this letter, "mining conditions have undergone a considerable change. Indian mining is no longer in its infancy; the mines are deeper, and the risk of danger is accentuated. There is a steadily increasing body of public opinion which strongly deprecates the continued employment of women in mines."

Opposition to this proposed reform has already been started by the British Imperialist press in India. It is argued that conditions of employment in Indian mines are fundamentally different from those of western countries, and that Indian mine labor works in family gangs, women assisting their relatives and helping to swell their earnings.

## The Comeback

She had a high opinion of herself and regarded customers as really rather nuisances.

"Do you keep dog collars?" inquired the week-long man.

"No," she snapped, "we sell them." "Anyways," he said, as he stroled toward the door, "you'll keep the one you were going to sell me. Good morning."

## Messed Up

Mr. Gooft (pointing to an architectural sketch of a horrible shade of red).—"There's our new cottage, dear. I bought it with the money my father left."

His Financier—"I see. Sold your birthright for a mess of a cottage?—Life."

## Her First Game

She was at her first putt game.

"You say it's a foursome when four play it?" she queried.

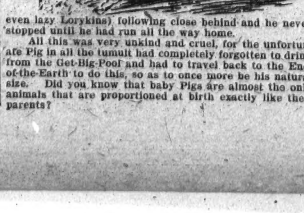

"Yes," sighed he of two seasons.

"And for two?" she followed on.

"Two-ones?" he asked.

"And for one—oh," she had it, "one-ones, of course!"—Judge.

Regard yourself that it isn't clever to make fun of the food at meat times.

Pat Egan has resigned from the police force at Lethbridge.

A Michel butcher is to open up a meat market in Blairmore next week.

TO NEW SUBSCRIBERS—The Blairmore Enterprise from now till December 31st, 1924, for two dollars.

**GENERAL CHANGE**  
in  
**TRAIN SERVICE**  
Effective Sunday,  
September 30th, 1923

Times for Trains at Blairmore will be:  
Westbound Daily Eastbound  
No. 67 8:20 a.m. No. 68 10:45 p.m.  
Westbound Eastbound  
Mon. Wed. Fri. Tues. Thurs. Sat.  
No. 535 2:00 p.m. No. 536 10:01 a.m.

**TRANS-CANADA LIMITED**, Nos. 7 and 8, between Montreal, Toronto and Vancouver, will be withdrawn. Last train leave each of these points on September 29th, 1923.

**THE MOUNTAINEER**, Trains Nos. 13 and 14, between Chicago and Vancouver, have been withdrawn west of Moose Jaw. Connections at Moose Jaw from and to St. Paul with Trains Nos. 1 and 2.

For further particulars apply to any Ticket Agent.

**ANNUAL MEETING**  
Of the Tourist Association of South Eastern British Columbia and Southern Alberta.

The third annual meeting of this Association was held in Fernie, B.C., on September 26th. Those present were: Donald A. Duff, at Lethbridge, Dr. O. F. Fannest, of Macleod, C. H. Brown, of Medicine Hat, Mayor H. Bosenberry, of Pincher Creek, Mayor W. J. Burns, and A. M. Morrison, Coleman, E. K. Stewart and J. Fred Spalding, of Fernie.

Regrets of their inability to be represented, were received from Cardston, Blairmore, Banff, Cranbrook and Windermere.

The financial report for the past year caused a considerable amount of satisfaction as it carries over towards the coming year the sum of \$741 with \$100 still outstanding which will be collected.

The report of Commissioner Spalding was received and approved.

The bad road conditions existing in Alberta which has caused a great loss in tourist travel both to Alberta and British Columbia this summer was a main topic of discussion and various suggestions as to the means to be taken to improve the importance of good roads on the governments of both provinces were made. Nine resolutions were drafted and a copy of each of them will be sent to the Premier and minister of public works of B. C. and Alberta and also to the members of the legislature representing districts which have suffered, with an urgent request that they will do whatever they can to support the resolutions. In addition a recommendation was made that each town also send a delegate for the same purpose, the Association guaranteeing the expenses of four of these delegates. They will be selected from towns which might not otherwise be able to send one on account of the expense.

Prior to the election of officers for the ensuing year, Mr. Duff, as retiring president, made a brief address in which he said that he had taken a very great interest in the work of the Association, and was very grateful to know that he had taken a part in making the Association the success it has turned out to be. He had endeavored by personal visits to induce other communities to join and had been successful in the case of Medicine Hat and hoped he would be with others shortly. He felt that co-operation with an Association of this kind was not a matter solely of selfish interest in tourist travel and what was to be derived therefrom. The greater the number of towns represented in its membership, would increase a corresponding extent the strength of influence that could be brought to bear on the governments of both provinces, and compel their serious consideration for resolutions and suggestions regarding road improvements primarily.

**TO NEW SUBSCRIBERS**—The Blairmore Enterprise from now till December 31st, 1924, for two dollars.

**Blairmore Lodge, No. 64**, meets every Tuesday night at 8 p.m. in the Oddfellows' hall. Officers for the ensuing term: N.G.—M. B. Hoffman; V.G.—T. S. Dawson; Rec. Sec.—E. McEwen; Fin. Sec.—B. James; Treas.—J. Montalbetti.

**Crows' Nest Encampment No. 8**, meets on the second and fourth Wednesdays of the month in the I.O.O.F. hall at 8 p.m. Officers for ensuing term: W. Patterson, C.P.; James Crowder, S.W.; E. Oliver, R.S. and F.S.; Jos. Montalbetti, Treas.

**Crowfoot Rebekah Lodge, No. 66**, meets the first and third Thursdays of the month at 8 p.m. Officers: Sister Evans, N.G.; Sister Joyce, V.G.; Sister James, R.S.; Sister Hood, F.S.; Sister N. Evans, Treas.

**Bellevue Lodge No. 118**, meets every Monday night at 8 p.m. Officers: R. Peters, N.G.; F. Beale, V.G.; W. Goodwin, Sec. Treas.

**Armistice Encampment No. 17**, Bellevue, meets the first and third Wednesdays of the month. Officers: A. B. Carr, C.P.; Stephen Berry, V.G.; Harry Jenson, S.W.; Fred Fannest, J.W.; E. Exonimo, treasurer; Charles W. Ray, Scribe, Box 6.

**Ray of Hope Rebekah Lodge No. 67**, meets the first and third Wednesdays of the month. Officers: Sister Litherland, N.G.; Sister Beale, V.G.; Sister Blue, R.S.; Sister Christie, F.S.; Sister Goodwin, Treas.

Visitors of the Order are cordially invited to attend the above lodges.

and any other matters which might come within the scope of the Association. In expressing his satisfaction with the financial statements and the Commissioner's report, which he was sure was shared by all present, he would like to suggest that an effective way to keep up the enthusiasm amongst our own members and influence more members, would be for the Commissioner to make periodical trips to all towns around and address the Boards of Trade and City Councils on the importance of the tourist business. He considered this to be necessary, and knew of no one more able to do so than Commissioner Spalding.

The election of officers concluded with the following elected:  
Hon. President—Col. J. S. Dennis, C. P. R., Montreal.

Hon. Vice-Presidents—Hon. Alex. Ross, minister of Public Works, Edmonton; Hon. Dr. J. S. Sutherland, Minister of Public Works, Victoria. President—Donald Duff, Lethbridge, re-elected.

Vice-President—W. H. Wilson, Cranbrook, re-elected.

Treasurer—E. K. Stewart, Fernie, re-elected.

Commissioner—J. Fred Spalding, Fernie, re-elected.

It was decided that the old Board of Directors would be retained, subject to the bodies they represent.

All present pledged the towns they represented to remain affiliated with the Association, and in the discussion regarding the amount of assessment of each, which followed, it was thought that as Cranbrook had been one of the prime movers in the organization of the Association, and most certainly had derived more benefits from its advertising than any of the other member towns, it was extremely unfortunate that they had not been able to arrange in time to have a representative sent.

Commissioner Spalding was authorized to visit all the towns affiliated with the Association and those expected to join and obtain their written agreement of affiliation. The matter of assessments was left to his discretion.

The Commissioner's plan for the ensuing year were approved and they consist of a new illustrated booklet to contain 24 pages of illustrations and not more than one page of descriptive matter, and a new map which will be similar to the large one used this year, brought up to date. The affiliated towns will all be shown in prominent type and no farther west than Kulkonok will be included. At that point will be an arrow signifying the route to Vancouver, and at Medicine Hat will be another signifying the route to Winnipeg. Fifteen thousand of these booklets will be sent out.

In the discussion respecting the Commissioner's salary, it was recognized that he had not received any increase since the commencement though his work was increasing all the time, but as there was no assurance at present that an increase could be paid, even if promised, he was asked if he would carry on at the same remuneration, and if certain expected improvements in the financial conditions materialized, let the directors settle the matter at the end of the year. This being satisfactory to him, he was re-appointed.

**Resolutions**

1. Whereas the road from Medicine Hat to the summit at Crows' Nest, which is a link in the Trans-Canada Highway is in a far from satisfactory condition, and

Whereas owing to such conditions existing a very large number of tourists are prevented from traversing this section of the province, with the consequent loss of a very large revenue which would be derived from the tourist travel, and

Whereas the road from Glenwood to Waterton Lakes Park has never been in a condition for automobile traffic, be it resolved that

"This Association, which represents the principal towns affected, petition the government to construct a standard hard surface road between Medicine Hat and Crows' Nest, and so improve the condition of the road be-

## Labor Reductions On Automobile Repairs

We are now operating our repair shop on the Flat Rate Plan. By this plan the automobile owner knows what the job is going to cost before the work is commenced. The following are a few prices on Chevrolet repairs:

Overhaul Motor	\$33.00
Overhaul Rear Axle and Propeller Shaft	\$8.25
Overhaul Transmission and Universal	\$8.25
Grind Valves and Clean Carbon	\$3.50
Rebuild Steering Knuckles and Pin Arms	\$4.50
Refine and Adjust Brakes (per set)	\$1.00
Tighten Main and Connecting Rod Bearings	\$7.75
Clean Carburetor	\$1.00
Refine Ignition	\$1.00

**FIRST CLASS MECHANICS — ALL WORK GUARANTEED**

tween Glenwood and Waterton Lakes Park, as to be in keeping with the remainder of this section, and that the work be proceeded with without delay."

2. Whereas there are stretches of road on both sides of Crows' Nest Lakes in Alberta which are too narrow and extremely dangerous, and in a very bad state of repair, and

Whereas a considerable amount of tourist travel is diverted from the section on account of the dangerous condition of this road, with a resultant loss of considerable revenue, be it resolved that

"This Association petition the government of Alberta to make such permanent repairs to, and widen out these sections of the road, that it will be made safe for motor travel and be brought up to the standard of other sections of the Trans-Canada Highway."

(The same resolution has been sent to the B.C. government in respect to the narrow portions of the road on the B.C. side of Crows' Nest.)

3. Whereas the roads of Alberta and British Columbia are not all in a condition to stand up under the considerably increasing automobile traffic, and

Whereas the tourist business is now accepted as being one of the largest producers of revenue, and

Whereas neither Alberta or British Columbia are receiving nearly the proportion of this business which they would receive were the roads better, and

Whereas Alberta has a tax on gasoline, and British Columbia proposes to impose one, and

Whereas if the revenue derived from automobile licenses and gasoline taxes was set aside for the purpose of building roads, the income derived thereby would take care of a sufficiently large bond issue to furnish the funds with which to construct permanent highways in the sections of the country where they are so urgently needed, therefore be it resolved that

"This Association petition the governments of Alberta and British Columbia to set aside the monies derived from licenses and gasoline taxes, for the sole purpose of building permanent highways, and if sufficient monies cannot be allocated for this from current revenue, that they float a bond issue, as this could readily be liquidated from the revenue derived from automobile licenses and gasoline taxes."

A large number of Swiss settlers will locate on farm lands along the Canadian National and P.C.E. railways in British Columbia.

## British Harvesters Will Be Provided With Work For The Winter Months

Winnipeg—Those who attended the conference called by the Canadian Colonization Association at Saskatoon or who are quite properly interested in relations in Canada, the British harvesters who want to stay, may be assured that everything possible is being done," said Capt. G. M. Dix, Superintendent of Agriculture of the Association, here.

The coordinating committee appointed at the conference at Saskatoon held a meeting at which a representative of the Soldier Settlement Board was present. After hearing the steps taken by that organization, under instructions of the minister of immigration, the committee decided that with certain co-operation the situation as it affected those harvesters who were willing to remain on farms this winter, and eventually, if suitable, become part of the agricultural community of the west, was in a fair way to succeed.

The feature of the situation, which appealed to the committee, said Capt. Dix, was that it would not be necessary for the men to come into the cities after their work was finished with harvest crews. Plans were now in motion to place them in the districts in which they are working. So far as the other men who for various reasons could not stay on the farms in the winter are concerned, plans were being laid to take care of them at the end of the harvest. In the meantime it was pointed out that there is still a shortage of help in certain localities in Saskatchewan and Alberta, and that, given a spell of fine weather, it would be fully a month before the harvesting was finished, especially in Alberta.

It is expected that definite information as to how many of the British harvesters have been placed on farms for winter work will be available by October 15. Final details will be decided upon arrival of W. M. Jones, Director of Administration of the Soldier Settlement Board, who is co-ordinating various efforts for the Department of Immigration.

## Australia Votes On Organic Church Union

Largest Presbyterian Assemblies Give Crushing Defeat to Plan

Toronto—According to information received here the plan for organic church union has received "a crushing defeat" at the recent meetings of the state assembly of the Presbyterian Church in Australia. South Australia, West Australia and Victoria, which are the largest of the assemblies in Australia, rejected the amended basis of union and the union proposal, while New South Wales and Queensland voted in favor of the proposal, says the dispatch.

## Home Bank Patrons to Meet

Toronto—Delegates representing the depositors of the Home Bank at the 60-odd branches of the suspended institution in various parts of Canada are expected to be present at a meeting here on October 5.

The suspension of the bank and position to be taken in that regard by the depositors will be under review. The curator is expected to have his report ready by that date.

## Charter Space For Grain

Fort William—Space for 36,000,000 bushels of grain in Canadian and United States tonnage has already been chartered from these ports, according to postings with the board of grain commissioners.

## The Revolution In Bulgaria Considered To Be Nearing End

Sofia—A semi-official statement says the revolutionary movement in Bulgaria can be considered as approaching its end. The insurgents are deserting their leaders and surrendering in parties, saying they were deceived into the movement against their wills, the statement adds.

The decisive battle in the Communist uprising is being fought in the city of Ferdinand and the village of Berkowits, which are near Sofia, the Daily Express, according to a statement issued by the war office.

Five thousand Communist and agrarian allies are besieged there, after having proclaimed a soviet republic and established complete control over the area. Four thousand soldiers, aided by civilian volunteers, have been carrying out an enveloping operation during the past five days and have now drawn their lines completely around Ferdinand and Berkowits.

## Canada's Bright Future

Lord Birkenhead Thinks Population Will Increase by Five Million in Next Ten Years

Winnipeg—It cannot be discovered any well-informed student of sociology in the Dominion of Canada who does not believe that the next ten years will see an increase in your population of five millions," said Lord Birkenhead, former Lord Chancellor of Great Britain, in the course of an address before the Canadian Club here.

Lord Birkenhead stated that after a careful study of Canada's progress and resources and intensely interesting observations during his present trip, and another trip made a decade ago, he felt that one must be blind and unimaginative who would remain unaffected at the conclusions thus forced upon him of Canada's potentialities.

After giving a concise summary of Great Britain's present economic anxiety, the speaker pointed out that in spite of free predictions that the world's annual centre had passed from London to New York, it still remained, and bid fair to continue to remain, in London. He recommended free trade within the British Empire.

## Three Quebec Aviators Killed

Hydro-Airplane Crashes From Height Of 2,500 Feet

Quebec—A triple tragedy occurred about two miles from Roberval when a hydro-airplane loaned by the Dominion Air Force to the Provincial Government for surveying and forest patrol, crashed from a height of 2,500 feet into Lake St. John, killing the three occupants.

The dead are: Bernard De Salaberry, aged 39, pilot; Arthur, Chagnon Landry, 29, observer; Kamouraska; Emile De Gulse, surveyor; Chagnon.

The tragedy was witnessed by a number of people. Just how it happened has not yet been established, but the spectators were horrified to see the plane nose dive.

When rescuers arrived on the scene they found the plane fifteen feet under the water.

## Bienfait Plant Will Continue Operations

Next Three Months' Development May Justify Expenditure Made

Ottawa—The briquetting plant at Bienfait, which was attempting to fix a Cuisinette plant, has been confirmed in operation for the next three months. It was stated by Hon. J. G. Gardiner, Minister of Highway of the province of Saskatchewan, who has been in consultation here with the Federal Department of the Interior with regard to the matter.

As the result of investigations carried out by engineers representing the two governments, said Mr. Gardiner, it was hoped to be able to develop during the three months' period a process of briquetting which would justify the comparatively large expenditure already made.

## More Unemployed In Britain

London—The number of unemployed persons in Great Britain has increased by 4,000 in the last week.

For the first time in history of Canadian Pacific Railway, a meeting of the Board of Directors was held in the West recently. They were photographed in Winnipeg after the meeting and are, from left to right: Grant Hall, Vice-President; F. W. Molson; Sir Herbert Holt; Ernest Alexander, Secretary; N. W. Tilley, K.C.; E. W. Beatty, President; J. K. L. Ross; and Sir Augustus Nathan.

## Foretells Vancouver's Future

May Be Biggest Port in Canada Says President Beatty

Vancouver—Two large steamships will be added immediately to the coast fleet of the Canadian Pacific Railway, at a cost of several million dollars, the company will complete Pier B.C. on Burrard Inlet, E. W. Beatty, K.C., President of the Canadian Pacific Railway, addressing 500 business men, members of the Vancouver Board of Trade, here, announced the decision to extend the company's services in this port. "I feel that Vancouver is destined to be the largest port on the Pacific coast, if not the largest Canadian port on any coast," he declared.

## WESTERN EDITORS

S. C. Andrews, Editor and Proprietor of The Free Press, Alx, Alberta.

## Many British Harvesters Will Remain

Statement Made That Ninety Per Cent. Will Stay in Canada

Montreal—That 90 per cent of the British harvesters who went to the western grain fields this year are well satisfied with Canada and that they will stay in this country, is the opinion of one of the young Britishers, Michael Lampard, a Cambridge student, who sailed by the liner Minnedosa to complete his studies in England.

The Minnedosa carried 60 returning harvesters and they were all delighted with their "holidays" in Canada. On board were about 15 harvesters who have been deported from the country. Questioned with regard to them, Mr. Lampard said that they were just shirkers, who thought that the world owed them a living.

## Ellis Island Complaint

Hamilton, Ont.—Charges of inhuman treatment by United States immigration officers at Ellis Island, were made here by Mrs. H. M. Hendry, who has returned with her three-year-old daughter from Christmas, Sweden. She complained of having to strip to the waist in a room with about a dozen other women, of the loss of her suitcase, and of having to stand in line for three hours on a ferry boat as well as being treated roughly and inhumanly.

## Campaign of "Dry" Candidates

New York—A campaign for candidates who are for prohibition is being carried out by the party affiliates will be made next spring by the Women's National Committee for Law Enforcement. It is announced.

## Guard Against Bandits

Monrovia, Sask.—To protect themselves against bandits, stores and elevators are emptying their safes of cash.

## Work of Bad Boys

Sault Ste. Marie, Ont.—It cost the city \$3,600 last year to replace street lamps destroyed by mischievous boys.

## Military Dictator In Bavaria Is Ready For Any Emergency

## Government Loan Assured

A New Record Is Made in Canadian Finances

Toronto—The hundred million dollar mark has been definitely passed in subscriptions to the new Dominion of Canada refunding loan, which creates a new record in Canadian finances, as the initial announcement was only made by the minister of finance on Sept. 20, and public offering did not begin until Sept. 24.

Over-subscription of the \$175,000,000 objective is now assured, and cash subscriptions to date have been so heavy that the selling syndicate states that there are not enough of the new bonds left to permit complete conversion of the maturing 1923 Victory Bonds. It is stated that the books for the new offering will undoubtedly close materially sooner than had been expected in even the most optimistic financial circles.

In addition to an increasing flow of smaller orders, six more heavy subscriptions were announced, headed by one for \$1,750,000 from the Dominion Bank. Others were: La Banque Provinciale, \$1,500,000; Bank of Toronto, \$1,000,000; London Life Insurance Company, \$1,000,000; Royal Trust Company, \$1,000,000; and Canadian Cottons, Limited, \$1,000,000.

## German Subs in Bay of Fundy

St. John, N.B.—That German submarines used to make the Bay of Fundy a refuge, where, unmolested by allied submarines, they could clean up and escape their hulls and carry out minor repairs during the war, was the information given the Engineering Institute of Canada by E. G. Cameron, Chief Engineer of the St. John dry dock in the contract paper delivered at the session of the organization.

## Good Yields of Wheat

Regina, Sask.—Some good yields of wheat are indicated in the latest reports received by the Saskatchewan Co-operative Elevator Company from crop correspondents in various parts of the province. In the majority of cases the bulk of the wheat is grading either No. 1 or No. 2 Northern.

## European Market For Canadian Grain Now Reported To Be Poor

Montreal—The European market for Canadian grain is the poorest in years with little or no demand and with prices extremely weak, according to expert opinion here in close touch with the world market conditions. The situation is borne out by reports from the International Grain Statistics Bureau at Rome, which state that the world will this season have a considerable grain surplus over all needs. This, the experts point out, is automatically reflecting itself in the smaller demand and lower prices.

What the ultimate effect of the condition will be upon the marketing of the Canadian crop has not yet been made known, but from advices received from British markets by leading Montreal grain brokers, it is clear that the whole marketing movement will not only be considerably slow, but that prices will not reach the high levels of other years.

"The trouble is that the world has grown too much grain this season," a local grain authority said.

Munich, Bavaria—Although quiet is reported to prevail throughout Bavaria, Dr. von Kahr, the military dictator, has brought additional troops into Munich so as to be in readiness for any emergency.

The dictator has absolutely prohibited all assemblies of adherents of Adolf Hitler, the National Socialist leader, and has declared that he and General Von Lossow, appointed by the Berlin government as military commander in Bavaria, purpose to execute the orders of the Bavarian Government without question in the maintenance of order throughout Bavaria.

The leaders of the Nationalist Associations have also promised to obey the government's orders, with the exception of Adolf Hitler, who has reserved the right to act as he says fit.

It is well-known, however, that General Ludendorff, formerly Von Hindenburg's chief of staff, is behind the Hitler movement, and this fact is commented on by the organ of the Bavarian People's party, which says: "If Ludendorff provokes a revolution in Bavaria, he will be fulfilling French hopes, because such a revolution means separation and the entry of the enemy into our country."

Referring to this attack in another paper, Gen. Ludendorff declares he has not the slightest intention of provoking a revolution.

Berlin—Chancellor Stresemann has notified the entente ambassadors of the German government's decision to cease passive resistance in the Ruhr and the Rhineland.

The Chancellor received the representatives of the entente and discussed the political situation with them. He informed them of the German government's intention to end the order of the day relating to passive resistance.

## Lloyd George Takes Exercise

London—Lloyd George's visit to Canada is featured in newspaper articles describing the "premier in training." They declare he walked five miles Sunday in an hour towards Hindhead and back to his bungalow at Chislehurst. He has been doing this for weeks, and is said to be in wonderful physical form.

## The Tax On Grain

Saskatchewan Protest May Go Before the Courts

Winnipeg—In reply to Saskatchewan's complaint to the Federal Government against the imposition of a tax on grain future trading on the local grain exchange, Hon. E. W. Craig, Attorney-General, will urge the Dominion authorities to submit the matter to the courts for a ruling on the validity of the legislation. The Government of Saskatchewan claims the Manitoba Government has not the power to collect taxes on the produce of Saskatchewan.

## Present Legal System

New Bill Makes Provision for One Criminal Court

Dublin—The Dail Eireann unanimously passed the second reading of the Judiciary Bill which would abolish the existing legal system, which would be replaced by new district courts modelled along the lines of the courts set up by the first and second Dails. The high court judges would be reduced to nine and the district judges would number about one-half of those now acting as county court judges. Under the Bill there will be a criminal court in Dublin.

## Tenders Wanted

SEALED TENDERS will be received by the Chairman and Secretary of Blaimore School District No. 628, for the hauling of 90 tons of coal from the mine to the Main School Building, and of 90 tons to the West Ward School, same to be delivered as required and haulage paid as delivered. Tenders to be in by noon on Monday, October 8th, 1923. Lowest or any tender not necessarily accepted.  
J. R. GRESHAM,  
Secretary-Treasurer.

## Local and General Items

For funeral flowers phone 212. Crows' Nest Pass Undertaking Co.

Don't blame a woman if a secret remains a secret.

J. L. Parker, of Lee Lake Ranch, was in town on Monday.

Dr. R. K. Lillie was a visitor to Calgary over the week end.

James Serra, of Banff, is meeting old friends in Blaimore and district this week.

Mrs. James Patterson has returned from a visit with her daughter, Mrs. Stitt, at Calgary.

Miss Hazel M. Brown has opened up a music studio on Sixth Avenue, at the rear of the Blaimore Pharmacy.

The British Columbia government-controlled liquor stores are reported to be doing a business of a million dollars a month.

Danny McDonald, of Michel, and Gus Williams, of Fernie, will enter into a boxing match at Fernie on October 12th.

A Macleod man expects a slump in motor cars. He says that nearly everybody who should not have bought one has already done so.

About thirty local I.O.O.F. members visited Coleman Monday night, where they witnessed the conferring of the Initiatory Degree by Coleman Lodge No. 36.

Nat Howells, well known mine inspector of the Drumheller district, in company with Joseph Thomas, has taken over the Monarch mine, near Lethbridge.

The death of Sir Walter E. Davidson, K.C.M.G., governor of New South Wales, occurred at Sydney, N.S.W., on September 15th. Sir Davidson was governor of Newfoundland from 1913 to 1917.

Mr. F. Dunkley, who has been for a long time under the doctor's care, leaves this week for California, where he will rest for a while in the hope of recuperation. He will be accompanied by his mother.

George Cruickshanks, of the firm of Bennett & Cruickshanks, Hillcrest, has returned from a combined business, pleasure and health trip to Eastern Canada and is looking much better for the holiday.

Drs. Bonnell, Garner and Asseltine have been awarded a verdict for \$2800 in their action against the city of Fernie for monies granted by the government for hospital purposes and withheld by the city.

Any persons desirous of taking an evening course in any of the following subjects: mining, mechanical engineering, mathematics, auto engineering, battery and ignition work, English (for English speaking people), dressmaking or any other subject are requested to hand in their names to the undersigned and if a sufficient enrolment is obtained a class will be formed in such subject. J. R. Gresham, Secretary, Blaimore S.D. No. 628.

## NOTICE TO CREDITORS AND CLAIMANTS

In the Estate of Dominic DeJulia, otherwise Dominic DeGulio, late of the Town of Coleman, Miner, deceased. Notice is hereby given that all persons having claims upon the estate of the above named who died on the 12th day of July, 1923, are requested to file with the undersigned by the 6th day of November, 1923, a full statement duly verified of their claims and of any securities held by them, and that after that date the Public Administrator will distribute the assets of the deceased among the parties entitled thereto, having regard only to the claims of which notice has been so filed or which have been brought to its knowledge.

Dated this 1st day of October, 1923.  
THE TRUSTS AND GUARANTEE COMPANY, LIMITED,  
Public Administrator,  
220 Eighth Avenue West,  
Calgary, Alberta, Canada.  
H. A. HOWARD,  
Manager.

## MAIL CONTRACT

SEALED TENDERS, addressed to the Postmaster General, will be received at Ottawa until noon, on Friday, the 9th day of November, 1923, for the conveyance of His Majesty's Mails, on a proposed contract for four years, six months work on the route BURMIS and RAILWAY STATION, (Canadian Pacific Railway), from the 1st of January next.

Printed notices containing further information as to conditions of proposed Contract may be seen and blank forms of Tender may be obtained at the Post Office at Burmis, and at the office of the Post Office Inspector, POST OFFICE INSPECTOR'S OFFICE, CALGARY, September 28th, 1923.

D. A. BRUCE,  
Post Office Inspector.

Sunday, November 11th, will be observed as Armistice Day.

"Dick" Harrison, Michel's postmaster, was in town on Wednesday, on a visit to his parents.

Rev. P. J. N. Cosman is expected to return this week and from Nova Scotia, where he has been for several months, recuperating from the effects of a long siege of ill health.

A stone foundation now supports the law offices of L. H. Putnam. We understand that a modern furnace is to be installed and a large two-room addition is to be erected.

Miss Kathleen Tompkins, eldest daughter of Mr. and Mrs. C. J. Tompkins, of Frank, leaves tomorrow for Winnipeg, where it is understood, she will enter a university to study for junior matriculation.

Stricken while at work on a cartoon, John W. Bengough, for many years widely known as a cartoonist, author and lecturer, died suddenly on Tuesday afternoon at his home in Toronto. It will be remembered that Mr. Bengough visited this district last year and entertained a large audience at Coleman under the auspices of the Women's Institute.

It is noticed that Blaimore is a much quieter town since the establishment of silent policemen at the street intersections. Unlike most men, these fellows when knocked over never wait for the next count, but immediately regain their feet and are ready for another jolt. Colliding with them, however, is a punishable offence and traffic should avoid them.

President Beatty's special train passed through here bound east on Monday afternoon. At Lethbridge, the president was the guest of the Board of Trade at luncheon, and during his address practically promised the building of the Kipp-Little Bow line next year.

By an order of the Exchequer Court of Canada, at Ottawa, His Honor Judge A. M. McDonald has been appointed special examiner to take evidence de bene esse of E. H. Maunell in the case of Maunell Brothers versus the King. This action is for \$350,000 damages for alleged illegal cancellation of leases, and will be disposed of in the near future at Ottawa. J. D. Matheson, of Macleod, solicitor for plaintiff; R. B. Bennett, K.C., of Calgary, for defendant.

BLAIRMORE

Phone 79

GARAGE FOR RENT—Apply to The Enterprise, Blaimore.

BUSINESS FOR SALE—Being compelled to return to Ontario this fall, I am offering my Plant and Business for sale as a going concern. Any one wishing a profitable and growing business should call and investigate my proposition. Will guarantee to teach an inexperienced purchaser.—W. M. BUSH, Vulcanizing and Battery Service, Blaimore, Alberta.

FOR SALE—Brown Mare, four years old, weight 1100 pounds, broke to drive single and double, quiet and gentle. Will sell cheap or exchange for a good fresh milch cow. Apply to W. Harrison, Blaimore.

WREATHS AND SPRAYS artistically arranged and at prices that are moderate. Phone 322, Scott's. We guarantee satisfaction. — 77-26-11
